

# Mendrisio, railway station.

SBB Real Estate is working together with the canton to renovate the stations and surrounding areas and to build bus stations for regional traffic. The University of Applied Sciences is now being established on the opposite side of the station. The design planning process for the station area has currently been stopped and must be adapted.

**Plot area**

10 000 m<sup>2</sup>

**Address**

Stazione Mendrisio  
6850 Mendrisio
